AMENDMENT OF OIL, GAS AND MINERAL LEASE

STATE OF TEXAS §
 § **KNOW ALL MEN BY THESE PRESENTS:**
COUNTY OF TARRANT §

WHEREAS, on February 27, 2007, **Tarrant County, Texas**, a political subdivision of the State of Texas (the "**Lessor**"), executed and delivered unto **Chesapeake Exploration Limited Partnership**, the predecessor in interest to **Chesapeake Exploration L.L.C.**, an Oklahoma Limited Liability Company, ("**Chesapeake**") (the "**Lessee**"), an Oil, Gas and Mineral Lease (the "**Lease**") which is recorded as Memorandum of Oil and Gas Lease, Document # D207140958, of the Official Records of Tarrant County, Texas, covering lands more specifically described herein below:

14.863 acres of land, more or less, out of the Hiram Little Survey, Abstract 930, Tarrant County, Texas, Tarrant County Public Works Department, Lot 1, Block 1 in the Precinct 1 Addition, Tarrant County, Texas.

WHEREAS, since the execution and delivery of the Lease, it has been discovered that a portion of said lease pertaining to pooling being provision 5, Pooling, (1. last sentence of the last paragraph) and the Retained Acreage Clause, provision 7B – Horizontal Wells, (2. 2nd and 3rd sentences of the 1st paragraph) are inadequate for the benefit of both parties, and thus, the Lessor and Lessee desire to amend the pooling provision of the Lease in order to more effectively develop the Lands contained with the hereinabove described Lease;

NOW THEREFORE, for and in consideration of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged and confessed, the Lessor and Lessee do hereby amend the Lease as follows:

D209058001

(a) Said pooling provisions currently read as follows, to wit:

1. "Notwithstanding anything to the contrary therein above, no unit may be formed that contains less than 50% of the unit acreage from leased premises."
2. "The term "horizontal well" or "horizontally drilled well" shall mean any well that is drilled with one or more horizontal drainholes having a horizontal drainhole displacement of at least five hundred eighty-five (585) feet. For the purposes of further defining the term "horizontal wells" and "horizontally drilled" reference is made to the definitions contained within Statewide Rule 86, as promulgated by the Railroad Commission of Texas, which definitions are incorporated herein for all purposes."

The above sentence, (a) 1., is hereby deleted in its entirety. The following sentences are added in place of (a) 2. (i.e. the Lease is hereby amended to read), to wit:

The creation of a unit by pooling shall be based on the following criteria (hereinafter called "pooling criteria"): A unit for an oil well (other than a horizontal completion) shall not exceed 40 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 200 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so.

The Lessor does by these presents ratify, confirm and adopt the Lease and the addendum thereto as amended hereby, and do further grant, let, lease and demise unto the Lessee all of the land described therein, together with all rights thereunder, under the same terms and conditions contained in the original lease, **except as herein amended.**

Executed by each party on the date set forth in their respective acknowledgments below, but effective for all purposes as of the date such instrument is filed for recording in the office of the county clerk.
